Bluegrass International Fund wants to inform you that the EB-5 Immigrant Investor Program Modernization Regulation (“EB-5 Modernization Regulation”) has reached final review at the United States Office of Management and Budget. Publication of the final rules for the Program is the next and final step.

**The minimum investment amount is expected to increase from \$500,000 USD up to \$1,350,000 USD or \$1,800,000 USD.**

There is still some time to apply before this significant increase. However, if you are seriously interested in making an EB-5 investment and applying for the EB-5 Visa, we recommend you start soon. We are here to help you expedite your application.
